Fire Risk Assessment

Fire Risk Assessment Review

Your fire risk assessment should be under constant review. By completing the daily, weekly and annual checks, you'll be aware of any new fire risks as they occur. We recommend using this form at least every six months to double-check everything is in order.

Name of person completing this check:	Date checked:
Company name and location address:	

		Yes	No	N/A
1	Have there been any major structural changes since the last review?			
2	Have there been any changes in fire legislation that affect you?			
3	Have any new sources of ignition been introduced on to the premises?			
4	Have any new flammable materials been introduced on to the premises?			
5	Have there been significant personnel changes? Is the fire training in place still adequate? Do you need to appoint new fire marshals?
